Re;- Proserve Debt Recovery Ltd – Colwyn Bay

I have been personally associated with **Pro-serve Ltd** for over 18 months, which were recommended to me by another day nursery in North Wales, who were using their services to collect unpaid nursery fees.

I had previously used other methods of debt collections, such as the Local County Court - a solicitor - and then a well-known national debt recovery service - without much success.

However since being introduced to Pro-serve, I can honestly say that I have been impressed by the success that they have had with some of my more problematic debtors, and the level of personal service that they offer.

I have no hesitation in recommending Pro-serve, and in particular, Mark and Paul, as being fair and honest in their dealings with myself, and other nurseries to whom I have recommended their service
