Dear Sirs,

Re: Panacek -&- Cost Cutters – Employment Tribunal Writ.

May we take this opportunity to convey our client's thanks for the excellent service your company recently provided.

Our client had some difficulties, obtaining the award made by the employment tribunal against her former employers, we were also doubtful that it was collectable.

Our client was amazed & delighted at not only the short timescale of the whole transaction, but the fact that your company were able to recover the amount in full by way of a writ of fifa.

We will of course use your services again if the situation arose & would recommend anyone to contact you for any debt recovery work.

We thank you for your assistance in this matter.

Yours faithfully
